

4K Video Bar

TB5 is a new generation video soundbar design for medium rooms video collaborations. The camera is 4K with Ai face tracking and auto zooming feature, and wide view angle of 120° to cover all the participants in the picture clearly. It is built-in with microphone array for voice pick-up range up to 5 meters, hi-fi true voice speaker and most importantly, with smart dsp for audio processing of acoustic echo cancellation, automatic noise suppression and gain control.

ODM & OEM

PRODUCT HIGHLIGHTS:

4K ePTZ Camera

The 120° ultra-wide angle camera of the TB5 is able to capture all meeting participants in its field of view. Additionally, the high pixel count of the TB5 helps to ensure that every expression of people within 16' of the camera is captured and seen.

Ai Auto Framing and Face Tracking Function

TB5 has a brand new AI intelligent zoom and tracking feature, which allows the camera to automatically zoom in and out, as well as pan, to keep the subject of your shot in the center of the frame. This provides an even greater boost to your communication efficiency.

Ai Speaker Tracking

Built-in intelligent analysis algorithm, it will track speaker's voice in real time to frame and keep the speaker at the center of the screen. It will break the distance limitation and make us feel immersive to create a face to face experience.

High Quality Speaker

A speaker bar delivers audio to the far end of the room. Combine that with renowned audio processing technology integrated in the TB5, and you get a workflow with natural conversations taking place between the participants.

5 Meters Pickup Range

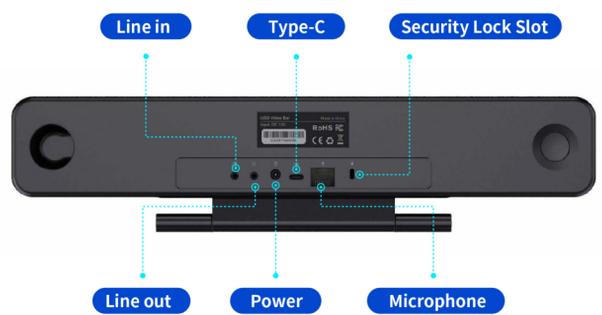

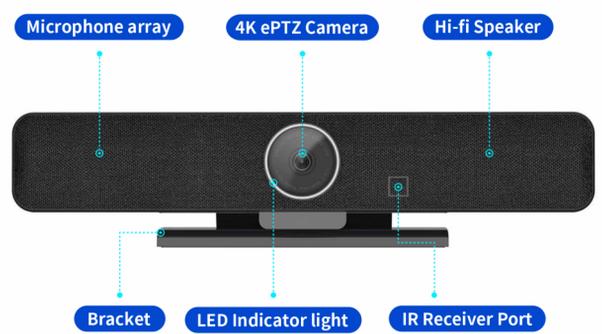

TB5 built-in 4 pickup microphones and voice pickup range up to 5 meters, Make clear and smooth video calls without installing a microphone.

RECOMMENDED PRODUCTS:

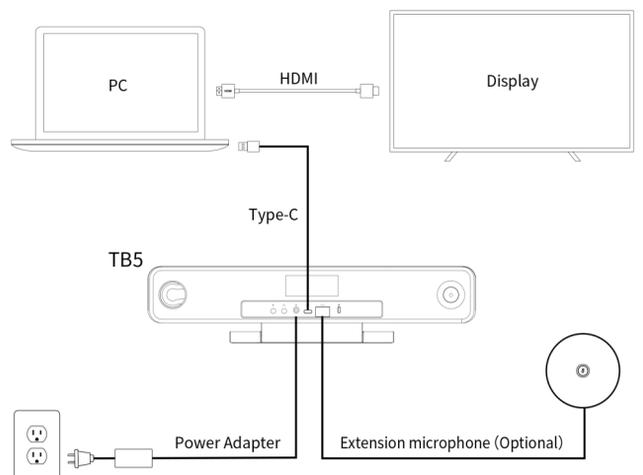

- Microphone array with voice pick-up range up to 3 meters.
